3D PATH

3D HISTOPATHOLOGY, MADE ROUTINE

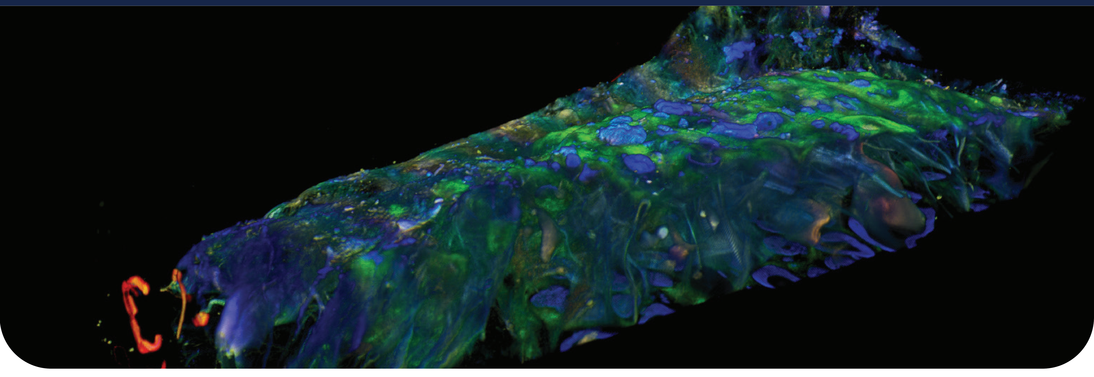
The first clinically-ready 3D tissue scanner for improved patient care

3DPATH is pioneering the first 3D tissue scanner for routine clinical use, advancing diagnostic accuracy and strengthening Europe's leadership in medical innovation.

Throughput
20X Speed-up: we can afford 25 samples/day

Reliability
High Quality Everywhere: we guarantee high-resolution across the entire 3D sample

Scalability
Dedicated Infrastructure: data management and AI-based analytics up to PB scale



Partners

clepio BIOTECH
